Profile Summary

Full Stack Developer skilled in MERN stack with a passion for building scalable and user-focused web applications. Experienced in both front-end and back-end development, with additional interest in Machine Learning. Proven ability to lead and deliver projects, with strong teamwork and problem-solving skills.

Education

Dr. Babasaheb Ambedkar Technological University

BTech in Computer Science | Ongoing

Z.P High School, Rajura

12th – 73.31% | July 2021 – March 2022

Priyadarshani Vidhalay, Rampur

10th – 85.20% | July 2019 – March 2020

Venktesh Computer, Rajura

MSCIT – 95% | May 2022 – August 2022

Technical Skills

- Languages: C, C++ (Basics), Python, JavaScript
- Frontend: HTML, CSS, Tailwind CSS, Bootstrap, React.js
- Backend: Node.js, Express.js
- Databases: MongoDB, MySQL, SQL
- Tools & Platforms: Git, GitHub, VS Code, Postman, MongoDB Atlas

Projects

- Smart Teacher Evaluation Platform

- Developed a responsive and secure full-stack platform using Node.js, SQL, HTML, CSS, and JavaScript.
- Implemented user authentication, eligibility validation, and dynamic dashboards.
- Enabled semester-based feedback cycles and generated actionable reports for continuous improvement.

- Snakes and Ladders Quiz War

– Snakes & Ladders Quiz War fuses the classic board-game with quick, themed quiz challenges: roll the dice to advance, dodge snakes that send you backward, and answer questions to climb extra ladders or hinder your opponent. With vibrant graphics and dynamic Math questions, every turn tests both luck and knowledge in a thrilling 2-player duel for the crown.

- Other Notable Projects

- Map Colouring Tool – Custom SVG-based map editor with export functionality.
- Interactive Map of India – State-wise data viewer with real-time weather integration.
- Math Battle Game – Real-time two-player math quiz game with dynamic question generation.
